NEW

COLLEGE SONG

To Set The Cause Above Renown
 To Love The Game Beyond The Prize.
 To Honour, While You Strike Him Down
 The Foe That Comes With Fearless Eyes.
 To Count The Life Of Battle Good
 And Dear The Land That Gave You Birth.
 And Dearer Yet The Brotherhood
 That Binds The Brave Of All The Earth.
 To-Day And Here The Fight's Begun
 Of The Great Fellowship You're Free.
 Henceforth The School And You Are One
 And What You Are, The Race Shall Be.

Message from The Principal

I am delighted to welcome you to Lawrence College, Pakistan's premier residential institution. Located in the heart of Murree's greenery the College provides a very beautiful, serene and safe environment. This, combined with a healthy and invigorating climate provides ideal conditions for academic, sports and co-curricular activities. Our inclusive ethos and commitment to the highest standards of all round education have ensured an enviable reputation for Lawrence College. We are proud and gratified that our students come from all over Pakistan and represent a broad cross section of society making LCGG a mini-Pakistan in the truest sense.

We are justifiably proud of our academic performance, but at LCGG education means much more than the pursuit of top grades. Character building, instilling high moral values, development of wholesome personality and awareness of societal obligations are central to what we offer here. We are acutely aware of our obligation to equip our students to make their way in the world as confident, caring, dignified and responsible global citizens. The sense of discipline and respect for rules is a great strength of the College. It is a learning community that seeks success for each student as we strive to deepen our core values of unshakeable faith, belief in hard work, achievements through honest and fair means and facing challenges boldly.

At LCGG, we aim to encourage a never ending quest for knowledge among our students. We strive to inculcate an open mind and constructive and rational thinking. Inquisitiveness, curiosity and hunger for knowledge are qualities we try to impart. We encourage open discussion and free exchange of ideas. We provide a very conducive and rich learning environment where all teachers, working tirelessly and with devotion avail every opportunity to impart knowledge. We strongly believe in a merit based system in everything we do.

We have already begun the process of further improving our overall curriculum. Over the last few months, the Faculty and College management have had several conversations on ways that our three schools can bring about some significant improvements. In the coming years, greater emphasis will be placed at all levels to build up our students' capacity beyond just the academic areas. Leadership, discipline and organizational skills will feature strongly in their co-curricular education. We plan and hope to make LCGG a centre of excellence in all aspects.

Lawrence College is a unique and exciting educational community. I look forward to welcoming you here.

Brigadier Mujahid Alam (Retd)

Location

The Lawrence College, Ghora Gali, Murree is situated at the beautiful foothills of the Himalayas at a height of about 1950 meters (6397 feet) above the sea level, on a pine covered spur. The estate covers an area of about 150 acres and lies at a distance of about 2 kms from the Rawalpindi-Murree Road, some 5 kms from Murree and 57 km from

Rawalpindi. It is 60 minutes drive from Islamabad and can be approached easily through old Murree Road or newly constructed Murree Express Way.

The climate is excellent. In summers, the temperature seldom reaches 35 C. Monsoon rain of July and August is intermittent. During the cold weather, when the estate is usually snow bound, the College is closed for about three months, from December to February

Introduction

Established in 1860, following the vision of Sir Henry Lawrence, LCGG is the oldest residential institution of its type in Pakistan. Lawrence College started as an asylum with the object to provide a plain and practical education to the orphans and children of the British soldiers in India. It had 82 children in its care initially. The number rose to 204 boys and 101 girls in 1914 when it was taken over by the government of Punjab, as the Lawrence Memorial School; and to 356 boys and 124 girls when it became the Lawrence College in 1927 with the construction of the lower estate. The girls section was transferred to St. Denny's School, Murree in 1949. The College was handed over to Board of Governors in 1962 (Grant of autonomy by the Punjab Government) effective to date.

The students of this prestigious institution of Pakistan are known as Gallians. Gallians have performed extremely well in every walk of life.

They have been distinguished public servants, politicians, military officials and businessmen. The college is ranked in the top few schools in the country and is renowned for providing high quality teaching to its pupils combined with allround development of character and leadership qualities.

Today, there are about 650 boys on the rolls of the three schools. The number is expected to rise further as the time passes. Started in 1860 in unpretentious barracks, housing about 82 boys and girls of different ages, it developed into its present estate comprising the Junior, Preparatory and Senior Schools in five phases.

1860 - Major parts of the upper estate including the old Junior School and rudiments of Prep School (then Girls School).

1914 - Main Block of the Senior School.

1927 - The lower estate including the Anderson Laboratories, Lawrence Hall, the old Library, Wright and Peak Houses and parts of Prep School.

Boys School 1875

1948

Founder's Day 1931

1960 - Completion of the Prep School.

1965 - The Walker House and the Senior School Mosque.

1976 - Old Block of the Junior School fell victim to a landslide.

1984 - New buildings for the boarding house and classroom block of Junior School were commissioned.

Lawrence College is divided into three schools where students live, study and are groomed for their future. Although the schools differ in their size and architecture, there are far more similarities between them than there are differences.

Management:

The College is administered as under:-

- The President of Pakistan is the Patron-in-Chief.
- The Governor of Punjab is the Chairman Board of Governors. Members are appointed by the Governor of Punjab.
- Executive Committee is appointed by the Governor of Punjab. It works under the Chairmanship of GOC 12 Division, Murree.
- Finance committee is appointed by the Governor of Punjab, under the chairmanship of the Secretary Finance, Government of Punjab.
- The Principal of the College is the Secretary to the Board of Governors and member of the Executive Committee and Finance Committee, by order of his appointment.

Junior School

Junior School is located at the upper estate of the College at a pine covered hill top where the school was established in the early days of its inception in 1860. Over the past one and a half century, many changes have taken place with the addition of new dormitories, classrooms, dining hall, play areas etc. Currently, It is

headed by a headmistress and caters for young entrants of 5 ½ to 9 ½ years of age having classes from grade one to four with an average strength of 25 boys per section. There is a team of qualified and trained teachers and staff to facilitate the learning process and supervise the boys all day long.

FACULTY

Name	Designation	Educational Qualifications
Ms Shama Javed	Head-mistress	M.Sc (Psychology), B.Ed. Dip. Mont
Ms Ishrat Parveen	Mistress	B.A,B.Ed
Ms Nabila Abbassi	Mistress	B.A, B.Ed

Ms Ramla Sheikh	Mistress	M.A Islamiat, Urdu
Hafiza Salma Abbasi	Qaria	M.A Arabic, Alima Fazila & Qaria

The Curriculum:

The curriculum of the school aims at the all rounded growth and development of students guided by the following dimensions of child development:

1. Intellectual
2. Spiritual
3. Social & moral
4. Physical
5. Mental
6. Emotional

The academic year begins in March and ends in December after which junior school remains closed for winter break until March. The course of study includes regular text books of high quality and also supplementary books to enhance vocabulary, general knowledge, listening, speaking, reading and writing skills. Children are also encouraged for creative writing, art and craft. A child-centered and

activity/ project based teaching approach is applied for these early years in the school life in the following range of subjects;

- i. English
- ii. Urdu
- iii. Science
- iv. Mathematics
- v. Social Studies
- vi. Islamiat
- vii. Computers
- viii. Nazra
- ix. Art
- x. Music

Much emphasis is laid on character-building of students and they are taught life skills including courtesy & table manners. The students are expected to exhibit honesty, compassion, empathy, perseverance, patriotism and brotherhood. It is considered vital that students develop a sense of integrity and possess moral values to learn to live independently as well as interdependently. Besides the educational experience afforded, the school is aimed to equip students with an appreciation of cultural diversity in a global environment and develop

a passion, desire and commitment to serving others and the public good in some meaningful capacity.

Facilities & Resources

School is equipped with latest teaching and learning resources like smart boards, computers, multimedia training aids and a variety of recreational facilities including TV/ Video/ Music & indoor games equipment. There is a 'resource room' containing training aids and Montessori material.

Reading books is a regular practice and students are provided with story books of their interest as a supplementary learning material from the collection maintained at the campus.

Excursions and study tours are organized every year in order to give exposure to the students of the world outside the school to the places of their interest and of academic relevance.

Co-Curricular Activities:

As part of the Co-academics, various clubs & societies have also been formed in order to keep the students busy with healthy and constructive activities. These are:

- i. Reading club
- ii. Creative Writing club
- iii. Science Club
- iv. Art club
- v. Adventure & hiking club
- vi. Debating Society
- vii. Islamic Society
- viii. Music Club
- ix. IT Club
- x. Dramatics Club

The year-long activities of the clubs and inter-house competitions culminate at the Founder's Day, normally celebrated in the last week of September. Students are awarded with cups and trophies for their individual as well as house achievements.

Games & Sports:

Students are kept engaged in regular sports in the evening on the basis of their interest or potential in a particular activity. There are physical training instructors for coaching, training and maintaining discipline amongst the boys. The sports activities include;

- P.T
- Drill
- Football
- Badminton
- Karate
- Indoor games
- Table tennis

- Athletics (races, ball throw, hurdles)
- Handball
- Cricket
- Hiking/climbing
- Yoga
- Gymnastics

Instructions for the Parents of New Entrants:

- Admissions are taken on annual basis in all the classes of junior school. Admission tests are held in the month of December for the new entry of the next session which begins in March. The admission procedure is as follows:

Phase 1; Candidates will appear for the written test in the subjects of English, Urdu and Mathematics at the designated centers in or outside Pakistan. The tests will be skill based and broad based in nature, as per the requirement of that particular grade /age level.

Phase 2; The candidates clearing phase 1 will provide the necessary medical clearance certificates and will also go through medical examination by the college hospital team.

Phase 3; The candidates clearing phase 2 will appear for T.P.F (Test of physical fitness) at the school campus.

Phase 4; The candidates clearing phase 3 will appear for the final interview along with the parent/guardian.

Parents or guardians are advised to keep the following things in mind while planning to get their wards admitted in the Junior School of Lawrence College:

- Pre-schooling is a must in case of admissions in all Junior School Grades. As we begin from class one, hence a boy coming in class one must have passed prep/KG from an English medium school.
- The boy must be toilet trained and must be able to express himself clearly for daily routine chores.

Preparatory School

Preparatory School is located at the middle estate of the college surrounded by the beautiful and tranquil atmosphere in the form of historic architectural buildings and the ever green coniferous pine trees. Over the past one and a half century many changes took place throughout the entire period in the form of construction of new academic block, addition of new facilities and raising the standards of lifestyle for the students.

Preparatory School deals with the students aged 9 ½ to 12 ½ from Class V to VII, which is currently being headed by a Headmistress and a team of 10 Masters and 2 Matrons. The

present strength of the school is 184 boys with a wide range of cultures from different parts of the country. Students are groomed in a way that would enable them to live independently and face the challenges of life.

Prep School caters for the teenagers with a dynamic vision and wide range of facilities in the field of academics and co-curricular activities. The School is committed to encouraging and developing enquiring minds and provides innovative learning opportunities for its students. Prep School aims in building the character and personalities of its students entering the crucial teenage.

FACULTY

Name	Designation	Educational Qualifications
Mrs. Noureen Rana	Headmistress	M.A (English Lit.), TEFL.
Mr. Asghar Ali	Lecturer	M.A (Iqbaliat),M.A.(Urdu),M.A.(E.Co)
Syed Basharat Hussain	Lecturer	M.A. (Pol. Science), B. Ed.
Mr. Ahmed Ali	Lecturer	M.I.T.
Mr. Arif Khan	Lecturer	M. A. (Urdu)
Mr. Arshad Malik	Lecturer	M.Sc. (Chemistry)
Qari Abdul Majid	Lecturer	M.A. (Islamiat)
Mr. Irfan Ullah	Lecturer	M. Sc. (Maths)
Hafiz Babar Ilyas	Lecturer	M.A. (English), B. Ed
Qari Mumtaz-ur-Rehman	Lecturer	Darse Nizami
Mr. Waseem Raza	Lecturer	Music Teacher

Counselling and Guidance of Students

Prep School focuses on the guidance and counselling of students. The faculty plays an integral role in the grooming of students and helping them realize their full potential for their future studies and profession. Special events are held and experts are sometimes invited for their professional counselling.

Facilities and Resources

Library:

The Prep School library is present just above the science lab with a wide range of books

of different genre for varying age group of students. English as well as Urdu storybooks, reference and many general knowledge books and encyclopedias are part of the library, which we are constantly striving to improve. Preparatory school aims at imparting quality education to the young Gallians with the sole purpose to equip them with better abilities and qualities of character and personality to face challenges in their future life.

Science Laboratory

Prep school has a well equipped lab which helps in understanding basic concepts of physics, chemistry and biology through practical learning.

Computer Laboratory

With over 30 computers, computer lab helps the students to increase their knowledge about information technology. Students are imparted good knowledge for the usage of basic applications of the computer.

Video Room

Video room provides the facility of showing motivational movies with a healthy entertainment content for the students, mostly on the weekends. By providing the cable facility specifically for international or national news channels, students are kept up-to date with the outside environment and happenings.

Co-Curricular Activities

Co-Curricular activities play a vital role in the overall confidence building and performance of

a student in practical life at all levels. This also has a positive impact on character building and well groomed personality.

Gallians of Prep School are very well provided with sports facilities on Inter-House competition level. These play a very important role in building the sportsmanship spirit in the students. The list of Co-Curricular activities remain incomplete without mentioning different societies, including dramatics, in Prep School. The students take an active interest in societies especially when it is for the Annual Exhibition that takes place on the Founder's Day of the College, normally celebrated in the last week of September.

Societies

Teenagers of Prep School take part in different societies which help them learn the qualities and skills of team work. The projects made during the society days are displayed in the exhibitions on Founders Day. The societies in Prep School are:

- Computer Society
- Science Society
- Arts
- Music
- Dramatics
- Adventure Club

- Riding Club
- Hiking/Trekking Club

Games and Sports

By keeping the students engaged in various sports activities, Prep School aims at keeping

students physically fit and inculcating sportsmanship in the personalities of students. Physical instructors are present for their training and supervising the activity. The sports facilities include:-

- P.T
- Football
- Hockey
- Cricket
- Badminton
- Table Tennis
- Gymnastics
- Athletics, which include relay races, hurdles, discuss throw, ball throw, long jump and high jump.

Senior School caters for students of classes from VIII to XII, including O' Level from the Cambridge University. Affiliation and sense of competition on the basis of house system is keener and more dominant here. Each House becomes an institution by itself. Each House is run under the supervision of a housemaster, assistant housemasters and house tutors, providing the boys of the respective houses with a platform for guidance and leadership. Top pupils in academics and related

co-curricular activities are appointed prefects who are responsible to translate students related policies of the College authorities into action. The housemaster plays a vital role in polishing, grooming and advising the pupils of his House to bring out the sterling qualities of their character and leadership. Houses have dormitories and common rooms. They have their organized excursions and inter house competitions in academics, sports, debates, social activities and plays. The administration

comprises a headmaster, a deputy headmaster and four housemasters. The faculty comprises about 35 experienced teachers.

The Senior School campus has various resources to make the studies of the students effective and fruitful enabling them to make the best use of their time.

Curriculum

The College prepares pupils for the Secondary School Certificate (Matriculation) and Higher Secondary School Certificate (Intermediate) Examinations conducted by the Board of Intermediate and Secondary Education, Rawalpindi and “O” Level Examination of the Cambridge University. Only science subjects are taught at the SSC level. While in Intermediate the boys are prepared in Pre-Medical, Pre-Engineering and General Science Groups including Computer Science. In an academic year, there are fortnightly tests and three examinations, i.e, 1st Term , Mid Term and the Annual. The results of the examinations together with the Housemaster’s and the Principal’s reports are conveyed to the parents/guardians. Poor performance of boys in the periodic tests is also conveyed to the parents/

guardians to keep them apprised of their son’s / ward’s attitude towards studies. Parent-Teacher meetings are also arranged after the Mid-Term Examination to have a tripartite co-ordination for the improvement of the pupil’s efficiency.

Academic Resources

Academic Blocks

Senior School in Lawrence College has a purpose-built academic block with spacious class-rooms and allied facilities. State of the art buildings of the academic blocks make the studies comfortable and enjoyable.

Library

The Senior School Library has more than 16000 books on different subjects, which provide ample opportunities to the students for study and research. The senior school library also has an Information & Research Centre that provides the students and teachers with internet facility to search material related to different fields of study.

Science Laboratories

LCGG has well-equipped science labs which provide the students with an opportunity to have

practical work in different faculties of science. All the laboratories are equipped with modern equipment and relevant scientific material.

Language Lab

The Senior School provides the students with a purpose-built language lab equipped with modern audio and visual equipment that helps the pupils improve their communication skills, especially their speaking skill.

Computer Lab

The Computer Lab in the Senior School provides the students with the IT facilities for Computer Science students. It has around 50

PCs in use. The internet is provided through a fast broadband network.

Sports and Games Resources

Playing Fields

The Senior School has many playing fields which include an athletic field, a hockey and football stadium as well as four basketball courts and two squash courts.

College Gymnasium

Gallians are provided with plenty of opportunities for indoor games and exercise.

The College Gymnasium has the capacity of a full-size basketball court. It also provides

the students with facility of playing badminton and table tennis. The Gymnasium also has a well-equipped exercise room that helps the students strengthen and shape up their bodies.

Entertainment Resources

Common/TV Rooms

For leisure time facilities, there is a common room attached to every house which has TV and music facilities.

College Auditorium

The College auditorium provides the students with a full-size screen to watch week-end movies, documentaries, etc. It is also used for drama presentation and other variety shows as well as for guest speakers.

Cafeteria and Shop

To facilitate its pupils, Senior School has a cafeteria and a shop. Cold and hot drinks and

meals are available here. The students can buy the items of daily need and can have a food of their choice from there.

Co-curricular Activities

Sports and Games

Organized games play an important role in the life of the College at all levels. Inter-house competitions are held in cricket, football, hockey, athletics, squash, tennis, marathon, PT and gymnastics. They lead to the Quaid-e-Azam Shield.

Clubs and Societies

Physics, Chemistry, Biology, Geography, Fine Arts and Photography, Drama and Debates are organized, which function throughout the year. Thus, a real effort is made to encourage healthy trends in pupils to ensure multidimensional development of their personalities.

Religious Guidance

In the Senior School, the pupils are introduced to the rudiments of tafseer for which purpose

regular classes are conducted as a part of the timetable. There is a full-fledged Islamiyat Department as part of the faculty, besides a Khateeb. There are two mosques in the College where regular prayers are conducted by Khateeb. Attendance at Zohar, Maghrib and Jummah prayers is ensured. Adequate arrangements for Nazira Quran are available for lateral entries. Husn-e-Qirat competitions are a part of the Inter-House competitions.

General Information

Health Care

There is a qualified Medical Officer with 1 Medical Assistant, 2 male and 2 female nurses. The College Hospital is equipped with 28 beds together with sickbays each in Prep and Senior Schools. Cases requiring specialists attention are referred to the Combined Military Hospital, Murree, and the cost is billed to the parents. In cases of serious illness, injury, etc. parents are informed by telephone. Periodic vaccination is administered under the supervision of the Medical Officer. It is important that the boys suffering from or having recently come into contact with an infectious disease do not return to the College at the beginning of the term for fear of spreading it among the boys in the College. It amounts to a serious offence for a parent to allow a boy to do so, knowing fully well that his son/ward has been suffering from such a disease. The medical staff is responsible for ensuring and maintaining hygienic conditions in the College.

Boarding and Messing Facilities

Lawrence College is the premier English medium boarding institution of the country. It offers excellent boarding facilities to its students. All items of need are available in the College plaza with the approved College contractors. Similarly, the College provides enviable messing facilities to its students. Our messing standards are comparable to those of the prestigious institutions of the country.

The food provided to the boys is carefully checked, cleaned, cooked & served. The menu is designed considering the nutrition value required for growing children. Occasionally, boys are served with fast food too in order to give them a change. Menu is revised with change in season and also in consultation with boys' demands & choices.

Security Department

College has a team of well trained security personnel led by a retired army officer. CCTV

cameras are also installed at main points in the College for surveillance. The security staff vigilantly looks after the campus round the clock and ensures safety and security for every inmate of Lawrence College.

House System

There are four boarding houses each with an average capacity of 48 boys in Junior and Prep School while in Senior School it is around 85 boys in each house. The names and mottos of these houses are:

Peake House
(Defence not Defiance)

Wightwick House
(Serve with Valour)

Wright House
(Unity is Strength)

Walker House
(Onward and Upward)

Each house is led by a Housemaster/ Housemistress who works with an assistant and supervises the house staff who look after the boys round the clock with commitment and devotion. All the curricular & co-curricular activities are aimed at the wholesome personality development of the boys. Students come from different parts of the country even from abroad and they are to be looked after with lot of care & support regarding:

- Self adjustment
- Eating habits
- Sleeping habits
- Communication Skills
- Behavior management
- Personal hygiene & independence
- Physical fitness

With the help, support & encouragement of house staff, the boys settle themselves well with the routine life of school and remain busy in the engaging environment from dawn till dusk.

Inter- House Competitions

Inter house competitions are an integral part of life at Lawrence College. The aim is to teach

students to “compete and co-operate in a healthy way” by involving them into independent as well as interdependent activities, leading them towards global citizenship, peace and harmony. These competitions are; Cricket League, Football League, Athletics competition, Marathon, PT Competition, English Debating, Urdu Debating, Art competition, Quiz Competition, Qirat Competition, Spelling Competition, Singing Competition, Handwriting Competition, Creative Writing Competition.

Assessment Policy

At Lawrence College, the learner is considered to be passing through “the sensitive period”, hence the assessment framework is designed keeping in view the socio-cultural and linguistic difficulties a student faces in a boarding environment away from home. The following kinds of oral/written/practical assessment strategies are used by the teachers:-

- Lesson assessments
- Weekly assessments through worksheets
- Monthly tests
- Terminal examination

- Annual examination
- Behavior assessment throughout the year

Terms and Holidays

The College session begins in the second week of March and continues till the second week of December. However, winter camp is organized for Board and Cambridge classes. The academic year is divided into three terms. Terminal assessment is done at the end of each term.

There are two summer breaks, of one week each. Boys are allowed short holidays at Eids. The College holds a number of events and functions during its academic year. The Sports Day and the Founder’s Day are the two main and colourful functions of the College including “science & arts exhibition” and “performing arts show”.

Visits and Leave

The College calendar is dispatched to the parents in March each year wherein are recorded the various holidays and visiting days. Boys of the Junior and Preparatory Schools are only

allowed to go out with their parents to Murree or the neighborhood. Visiting Sundays are specified in the calendar. The Senior School boys are allowed to visit Murree on Visiting Sundays. No boy can leave the College estate without his House-master's permission. When two consecutive holidays are given, boys may spend them with their parents away from the College unless a decision to the contrary is made by the College authorities in the larger interest of the boys. Leave to go home during College term is very rare. Applications for leave must be submitted to the Principal in writing well in advance. Pupils are allowed to attend the marriages of their real brothers and sisters, in which case, two days leave with traveling time is allowed. Otherwise, leave is given only in cases of emergency in the family and on very special occasions of which complete details must be sent to the Principal. Absence of a boy during the term upsets his studies and dislocates the life of the College.

Fine for late arrival

Fine is imposed for six days if a boy arrives late after the holidays during the term and after six days his name is struck off the College rolls.

Re-admission is not automatic and solely lies at the discretion of the Principal.

Parent-Teacher Conferences

Would you like to know more about your child's performance? Definitely Yes! Parent-Teacher Meetings are planned only for this purpose so that we can provide the best of the information we can. Head-master/Head-mistress, House-masters and Tutors are always available for your assistance.

Parent-Teacher conferences are held after the end of every term where the progress of the student can be discussed. Parents can also meet the Head-master/Head-mistress, House-masters/Housemistresses and teachers on visiting days and on a special request too.

Conduct and Behavior Policy for Students

The students are expected to follow the college rules strictly. Violation can result in the withdrawal or expulsion of a pupil from the College, with or without warning. The following are strictly prohibited:-

- Indiscipline, cheating, lying, stealing and immoral conduct.
- Breaking bounds or leaving the College campus without proper permission or unauthorized dress.
- Disrespect and rudeness to the Staff and seniors.
- Keeping fire arms, knives or other lethal weapons.
- Smoking and using drugs and alcohol.
- Damaging the College property.
- Possession of mobile phones and other gadgets.
- Absenting from the classes and other college activities without a genuine cause/ reason.
- Being habitually unpunctual, untidy and slovenly.
- Repeated poor performance in academics.
- Absence from the dormitory/house after lights out.
- Violation of any other College rules prescribed from time to time.

Guidelines for Parents

If a parent wishes to correspond regarding the progress, prospectus or problems of his

son/ward, he may write to the Head of the School concerned. The advice of the Principal can always be sought. He is available in his office, even on visiting Sundays, to redress the grievances/problems of the parents, if any.

Parents or guardians are advised to keep the following things in mind while planning to get their wards admitted in Lawrence College:-

- Admission and attendance in Lawrence College is a privilege not a right. We receive hundreds of applications for limited seats and it is not possible to admit all the applicants. The admissions are finalized strictly on merit.
- It is extremely important that you include the “will” of your son in your decision of bringing him to a boarding school otherwise it can have adverse effects on his personality.
- Please keep in mind that for the sake of maintaining and safeguarding its high standards of discipline, time tested traditions and ethos, College has formulated a strict code of conduct and behavior policy and students are not allowed to indulge in certain activities including keeping money,

prohibited toys, eatables from outside, gadgetry, mobiles etc. Hence it is expected from the parents that they would cooperate with the administration in this regard for the good of their own son.

- Parents are expected to provide complete details of their whereabouts and in case of guardians a certificate of guardianship must be produced. School will also require the complete details of the authorized visitors from the parents if they cannot come personally every time to attend the meetings, functions or visits.
- The administration reserves the right to take an adverse action in case any of the admission requirement and standard of conduct expected from student or his parents is not met.
- The student must be in sound mental and physical health. Please make sure that he has no allergies or any other medical condition which can make his stay in a group situation at an altitude of 6000+ ft above sea level in a forest climate, risky and dangerous.
- Parents are encouraged to keep in contact with Housemasters/Housemistresses.

Withdrawals

If a parent wishes to withdraw his son/ward from the College for any reason, he should do so at the end of the College year i.e in December. If a boy is withdrawn after the 1st of January, or before the beginning of the term in March, a fine of Rs. 50 per day is imposed for each day which lapses between the 1st of January and the withdrawal. If a parent does not send back his son/ward, nor does he give any notice of withdrawal before the School re-opens in March, the boy's security will stand forfeited. Names of all those boys who are absent without leave for ten days from the commencement of the School year in March, are struck off the College rolls and their security is forfeited. If a boy is to be withdrawn during the term, one month's notice must be given or one month's full dues are charged for the period by which the notice falls short of a month. The Principal may withdraw a boy if, in his opinion, the boy is unable to benefit from the academic course provided by the College. It is then desirable in the interest of the boy that parents transfer him to another school. The Principal also has the sole power to withdraw a boy on disciplinary

grounds or if the payment of the fee is more than a month overdue, or the College Medical Officer recommends withdrawal on medical grounds. The Principal also reserves the right to withdraw a boy without assigning any reason.

Admissions

Test and interviews for regular admission to classes I-VIII are held in December. The candidates are required to report to the college and the specified centers for written test and interview. Admission forms obtained from the College duly filled in, should reach the Principal's Office between 15 September to 30th October. The results of these tests are communicated to all the applicants by end

December/January. Candidates selected for admission are required to join the college in the month of March (dates for arrival are communicated to the newly admitted pupils through registered letters individually).

Admission to classes I-VIII against Casual Vacancies

The casual vacancies are filled at the beginning of the session in March. Admission forms for casual vacancies are entertained in the month of February, subject to the availability of seats. Suitable applicants may be called at a short notice for test and interview at the college during the second or third week of March. Those selected for admission are required to join the College within a period of ten days. Chances of casual vacancies in the Junior School are, generally, remote.

Admission to First Year Class

A limited number of vacancies for boys from outside are generally available for admission to the first year class. About a fortnight before

the declaration of the SSC Examination result of the BISE, Rawalpindi, the advertisement is given in the leading newspapers for admission to 1st year. The interested candidates fulfilling the requirements of the College are called for written tests in Urdu, English, and Science subjects. They are also interviewed. In this way, a merit list is prepared and call letters are issued to the candidates on the basis of overall merit according to the number of vacancies available.

Fees and Other College Dues

Fees and College dues are received according to the following schedules:-

- 1st term/both terms 6 months.
- 2nd term/both terms 6 months.
- After due date Rs. 100/- is charged as fine per day for fifteen days
- At the end of grace period, the boy stands withdrawn. In case of readmission, full dues are charged.
- Increase per year is subject to the approval of the Board of Governors.
- Security not claimed for two years lapses to the College.

- The College dues are received through a bank draft payable to the Principal Lawrence College on National Bank of Pakistan, Ghora Gali Branch. No Cheque is acceptable.

- College Uniform

There is a full range of clothing and accessories which are used for different occasions and times during the day. The uniform for different seasons is different and is available with the College tailoring contractor.
