

PROSPECTUS

An Independent Boarding School
Established in 1860

Mission Statement of Lawrence College

Mission of Lawrence College is to create a very conducive environment for educational excellence that prepares and grooms students academically, morally, physically and socially to compete and contribute in the society.

We are committed to develop the young Gallians with active, inquisitive and creative minds along with a sense of tolerance, team work and leadership. We ensure character building of our young students and aim at instilling integrity, patriotism, compassion and social service in them.

We are devoted to provide a kind, caring and friendly environment for the personality development of the young Gallians. We seek to inculcate in our students respect for diversity, pluralism and human equality free of all kinds of prejudice.

GALLIAN CODE OF HONOUR

- I am a Gallian, I Never Give In
- I am a person of character, honour and high moral values
- I always speak the truth and never lie
- I never cheat through my words or deeds
- I always respect my parents, teachers and elders
- I am always compassionate and empathetic
- I respect all ethnicities, religions, sects and nationalities
- I am always positive and optimistic in my outlook
- I shall always uphold the name, honour and respect of my Country, College and Family
- I pledge to sacrifice the last drop of my blood for the protection, honour, respect and prosperity of Pakistan

گیلین کا نصب العین

- میں ایک گیلین ہوں، میں کبھی ہمت نہیں ہارتا
- میں بلند کردار، عزت اور اعلیٰ اخلاقی اقدار کا مالک ہوں
- میں ہمیشہ سچ بولتا ہوں۔ جھوٹ کبھی نہیں بولتا
- میں کبھی بھی اپنے قول و فعل سے کسی کو دھوکا نہیں دیتا
- میں ہمیشہ اپنے والدین، اساتذہ اور بزرگوں کا ادب کرتا ہوں
- میں ہمیشہ سب کے ساتھ رحم دلی اور شفقت سے پیش آتا ہوں
- میں تمام نسلی گروہوں، مذاہب، فرقوں اور قومیتوں کا احترام کرتا ہوں
- میں اپنے رویے میں ہمیشہ پر امید اور مثبت سوچ کا حامل ہوں
- میں ہمیشہ اپنے ملک، کالج اور خاندان کے نام، عزت اور وقار کو بلند رکھوں گا
- میں پاکستان کی حفاظت، عزت، وقار اور خوشحالی کی خاطر اپنے خون کا آخری قطرہ تک قربان کرنے کا عہد کرتا ہوں

Where History Meets Modern Ideas

WHY LAWRENCE COLLEGE ?

Murree has got some of the most scenic drives in Pakistan, which makes the journey just as much fun as arriving at Lawrence College, Ghora Gali. (Among top 5 boarding institutes of Pakistan)

With stunning scenery around every bend and over every crest, the journey to the College can become addictive and repetitive. Just take your time and enjoy the views until you reach the College gates.

As you traverse the mesmerising beauty of the 6000 feet high mountain and enter the College gates you will surely be enchanted with the serene atmosphere that surrounds an old historic institution established in 1860.

The walk from the car park to any of the Schools leads you through clean & crisp air into the historic buildings set in beautiful environments.

Paying a nostalgic return visit to the College is only natural. It is an experience that is profoundly memorable. So what is it about Lawrence College, Ghora Gali that makes it so attractive and historic? Why would you want to send your child here, away from the homely atmosphere?

We hope this Prospectus would provide all the above answers, and much more.

Welcome on the board.

FROM THE PRINCIPAL'S DESK

Brig Jawad Ahmed Zaka, SI(M), (Retd)

It gives me immense pleasure to welcome you to Lawrence College, a distinguished institution with a proud history and a vibrant future. Nestled in the scenic hills of Murree, our College provides an environment that is both serene and stimulating, ideal for learning, growth, and the all-round development of our students.

At Lawrence College, we believe that education is not only about academic achievement but also about shaping character, instilling values, and preparing young people to lead meaningful lives. We are committed to nurturing confident, disciplined, and responsible individuals who carry with them the spirit of service, integrity, and resilience.

As we move forward, our focus is on innovation and holistic development. We aim to strengthen our academic programmes through modern teaching methodologies, integration of technology, and a renewed emphasis on inquiry and critical thinking. Alongside this, we continue to foster creativity, leadership, teamwork, and compassion through sports, co-curricular activities, and community engagement.

Our mission is to build a center of excellence that equips students with the knowledge, skills, and values to succeed in a rapidly changing world while remaining firmly rooted in their traditions and cultural identity. With the dedication of our faculty, the support of our alumni, and the trust of our parents, we are confident in taking Lawrence College to greater heights.

Lawrence College is not just a school, it is a community where every student is valued, inspired, and encouraged to realize their fullest potential. I look forward to welcoming you to this remarkable journey.

MANAGEMENT

- The College is administered by the Board of Governors constituted as under:-
- The Governor of Punjab is the President of the Board.
- Management Committee is appointed by the Governor of Punjab.
- Minister in charge of the relevant Department.
- Secretary to Government of the relevant Department or his nominee not below the rank of an Additional Secretary.
- General Officer Commanding 12 Division Murree.
- Two distinguished academicians to be appointed by the President.
- Fifteen eminent alumni of the Institution from academia, industry, judiciary, civil service, armed forces, sports and former and sitting members of legislative bodies to be appointed by the President.
- Principal of the Institution.

LOCATION

Lawrence College, Ghora Gali, Murree is situated at the beautiful foothills of the Himalayas at a height of about 1950 meters (6397 feet) above the sea level, on a pine covered spur. The estate covers an area of about 100 acres and lies at a distance of about 2 kms from the old Rawalpindi-Murree Road, some 5 kms from Murree and 57 km from Rawalpindi.

It is about 60 minutes drive from Islamabad and can be approached easily through old Murree Road or Murree Express Way.

The climate is very healthy and invigorating. In summers, the temperature seldom reaches 35° C. Monsoon rain of July and August is intermittent. During the cold weather, when the estate receives some snowfall, the Junior & Prep schools are closed for about three months, from December to March whereas Senior school is closed for December to 2nd week of January.

GIRLS SCHOOL 1875

BOYS SCHOOL 1875

SENIOR SCHOOL 1950

COLLEGE CHAPEL

INTRODUCTION

Established in 1860, following the vision of Sir Henry Lawrence, LCGG is the oldest residential institution of its type in Pakistan. Lawrence College started as an asylum with the object to provide a plain and practical education to the orphans and children of the British soldiers in India. It had 82 children in its care initially. The number rose to 204 boys and 101 girls in 1914 when it was taken over by the government of Punjab, as the Lawrence Memorial School; and to 356 boys and 124 girls when it became Lawrence College in 1927 with the construction of the lower estate. The girls section was transferred to St. Deny's School, Murree in 1949. The College was handed over to Board of Governors in 1962 (Grant of autonomy by the Punjab Government) effective to date.

The students of this prestigious institution of Pakistan are known as Gallians. Gallians have performed extremely well in every walk of life. They have been distinguished public servants, politicians, artists, military officials, businessmen, doctors and engineers. The college is ranked in the top few schools in the country and is renowned for providing high quality teaching to its pupils combined with all-round development of character and leadership qualities. Today, there are about 700+ boys on the rolls of the three schools.

Started in 1860 in unpretentious barracks, housing about 82 boys and girls of different ages, it developed into its present estate comprising the Junior, Preparatory and Senior Schools in different phases.

1860 - Major parts of the upper estate including the old Junior School and rudiments of Prep School (then Girls School).

1914 - Main Block of the Senior School.

1927 - The lower estate including the Anderson Laboratories, Lawrence Hall, the old Library, Wright and Peake Houses and parts of Prep School.

1960 - Completion of the Prep School.

1965 - The Walker House and the Senior School Mosque.

1976 - Old Block of the Junior School fell victim to a landslide.

1984 - New buildings for the boarding house and classroom block of Prep School were commissioned.

Lawrence College is divided into three schools where students live, study and are groomed for their future. Although the schools differ in their size and architecture, there are far more similarities between them than there are differences.

Junior School is located at the upper estate of the College on a pine covered hilltop where the school was established in the early days of its inception in 1860. Over the past one and a half century, many changes have taken place with the addition of new dormitories, classrooms, dining halls, playing areas, etc. Currently, it is headed by a headmistress and caters for young entrants of 5 ½ to 9 ½ years of age having classes from grade one to four with an average strength of 25 boys per section. There is a team of qualified and trained teachers and staff to facilitate the learning process and supervise the boys all day long.

Our Learning Spectrum

The curriculum of the junior school aims at all round growth and development of students guided by the following dimensions of child development:

- Intellectual
- Social & Moral
- Mental
- Aesthetic/ Creative
- Spiritual
- Physical
- Emotional
- Character Building

The academic year begins in first week of March and ends before mid December after which junior school remains closed for winter break until March. The course of study includes regular text books of high quality and also supplementary books to enhance vocabulary, general knowledge, listening, speaking, reading and writing skills. Children are also encouraged for creative writing, art and craft. A child-centred and activity/project based teaching approach is applied for these early years in the school life in the following range of subjects;

- English
- Social Studies
- Nazra Quran
- Computer Science
- Urdu
- Islamiat
- Fine Arts
- Robotics
- Science
- Mathematics
- Music
- Artificial Intelligence

Much emphasis is laid on character-building of students and they are taught life skills including etiquette, courtesy and manners. The college has developed booklets for the said purpose. i.e Etiquette & Manners, Ethics of Disagreement, National Anthem & National Flag, Seerat ul Nabi (P.B.U.H) and Qandeel e Iqbal . The students are expected to exhibit honesty, compassion, empathy, perseverance, patriotism and brotherhood. It is considered vital that students develop a sense of integrity and possess moral values to learn to live independently as well as interdependently. Besides the educational experience afforded, the school aims to equip students with an appreciation of cultural diversity in a global environment and develop a passion, desire and commitment to serving others and the public good in some meaningful capacity.

Parents' Orientation Guide

Admissions are taken on annual basis in all the classes of Junior School. Admission tests are held in the month of November for the new entry of the next session which begins in March. The admission procedure is as follows:

Phase 1: Candidates appear for the written test in the subjects of English, Urdu and Mathematics at the designated centers in Pakistan. The tests are skill based and broad based in nature, as per the requirement of that particular grade/age level.

Phase 2: The candidates clearing phase 1 will provide the necessary medical clearance certificates and will also go through medical examination by the college hospital.

Phase 3: The candidates clearing phase 2 will appear for the final interview along with the parent/guardian.

Parents or guardians are advised to keep the following things in mind while planning to get their wards/ sons admitted in the Junior School of Lawrence College:

Pre-schooling is a must in case of admissions in all Junior School grades. As we begin from class I, hence a boy coming in class I must have passed prep/KG from an English medium school.

The boy must be toilet trained and be able to express himself clearly for daily routine chores.

PREPARATORY SCHOOL

Preparatory School is located at the middle estate of the College surrounded by the beautiful and tranquil atmosphere in the form of historic architectural buildings and ever green coniferous pine trees. Over the past one and a half century, many changes took place throughout the entire period in the form of construction of new academic block, addition of new facilities and raising the standards of lifestyle for the students.

Preparatory School deals with the students aged 9 1/2 to 12 1/2 from Class V to VII, which is headed by a Headmaster and a team of 15 teachers and 2 matrons. The average strength of the school is 180 boys with a wide range of cultures from different parts of the country. These students are groomed in a way that would enable them to live independently and face the challenges of life.

Vision and Development

The School caters for young learners with a dynamic vision and a wide range of facilities in academics and co-curricular activities. Committed to encouraging and developing enquiring minds, it provides innovative learning opportunities that prepare students for future challenges. At Prep School, we place special emphasis on building the character and

personality of students entering their crucial teenage years. Education here extends beyond academics, focusing on empathy, sympathy, respect, harmony, and the spirit of sharing. Honesty and integrity are instilled as the foremost values, shaping students into individuals of principle and strength.

Whether in classrooms, dormitories, the cafeteria, playgrounds, library, or common rooms, students are guided to reflect the qualities they learn and uphold the norms of good conduct. Alongside this moral and social development, Prep School ensures academic excellence, physical well-being, and spiritual growth, nurturing well-rounded personalities equipped to excel in all spheres of life.

SENIOR SCHOOL

Senior School caters for students of classes VIII to XII, including O' Level from the Cambridge University. Affiliation and sense of competition on the basis of house system is keener and more dominant here. Each house becomes an institution by itself. Each House is run under the supervision of a housemaster, assistant housemasters and house tutors, providing the boys of the respective houses with an excellent platform for mentoring, guidance and leadership.

Top pupils in academics and related co-curricular activities are appointed prefects who are responsible to translate student related policies of the College authorities into action. The housemaster plays a vital role in polishing, grooming and advising the pupils of his house to bring out the sterling qualities of their character and leadership.

Houses have dormitories and common rooms. They have their organized excursions and inter-house competitions in academics, sports, debates and social activities. The administration comprises a headmaster, a deputy headmaster and four housemasters. The faculty comprises 35 experienced teachers.

The Senior School campus has various resources to make studies effective and fruitful enabling the students to make the best use of their time.

Academic Roadmap

The Senior School prepares pupils for the Secondary School Certificate (Matriculation) and Higher Secondary School Certificate (Intermediate) Examinations conducted by the Board of Intermediate and Secondary Education, Rawalpindi and 'O' Level Examination of the Cambridge University. Only science subjects are taught at the SSC level, while in Intermediate the boys are prepared in Pre-Medical, Pre-Engineering and General Science Groups including Computer Science. In an academic year, there are fortnightly tests and three examinations, i.e, 1st Term, Mid Term and the Annual. The results of the examinations together with the Housemaster's and the Principal's reports are conveyed to the parents/guardians. Below standard performance of boys in the periodic tests is also conveyed to the parents/guardians to keep them apprised of their son's / ward's performance. Parent-Teacher meetings are also arranged after the Mid-Term Examination to have a tripartite co-ordination for the improvement of the pupil's efficiency.

Counselling and Guidance Cell

Senior School focuses on the guidance and counselling of the students. The faculty plays a vital role in the grooming of the students and helping them realize their full potential for their future studies and profession. Special events are held and experts are invited for their professional counselling. College career counselling cell consisting of five members is actively functioning and providing the guidance to the students throughout the year to attain the above mentioned targets.

The School aims at imparting quality education to the young Gallians with the sole purpose to equip them with better abilities and qualities of character and personality to face challenges in their future life.

LIFE @ SENIOR SCHOOL

FACILITIES FOSTERING LEARNING

LCGG has purpose-built academic blocks with spacious class-rooms and allied facilities in all three schools. State of the art buildings of the academic blocks, make the studies comfortable and productive for the young Gallians.

Libraries

The three school libraries provide ample opportunities to the students for study and research. The libraries have got a wide range of books of different genre for varying age groups of children. English as well as Urdu storybooks, reference and many general knowledge books and encyclopedias are part of the libraries, which we are constantly striving to improve. Students are actively encouraged to develop the habit of book reading. The Senior School Library also has an Information and Research Centre that provides the students and teachers with internet facility to search material related to different fields of study.

Science Laboratories

LCGG has well-equipped Science labs which provide the students with opportunities to have practical work and hands on activities for all the levels I-XII. All the laboratories are equipped with modern equipment and relevant scientific materials.

IT Facilities

Technology provides students with easy-to-access information, accelerated learning, and fun opportunities to practice what they learn. It enables students to explore new subjects and deepen their understanding of difficult concepts, particularly in STEAM. Information Technology helps make teaching and learning more meaningful and fun to achieve the above said objectives, students are imparted good knowledge for the usage of basic applications of the computer. There are three IT labs working under the supervision of experienced IT instructors, and each single classroom of the college is an IT suite itself with all the multimedia and smart boards facilities. The internet is provided under the supervision of faculty members, through a fast broadband network. As an emerging need of the day, IT labs are encouraging students to explore the future through Robotics. LCGG is also planning to establish an innovation center in the near future where students will engage in future learning through Modern Technology and Techniques. The Senior School provides the students with a purpose-built language lab equipped with modern audio and visual equipment that helps the pupils improve their communication skills, especially their English speaking skills.

SPORTS & STUDIES : GOING HAND IN HAND

Organized games are a vital part of College life. Inter-house competitions in cricket, football, hockey, basketball, athletics, squash, marathon, PT, and gymnastics determine the Quaid-e-Azam Shield (Champion House).

Students actively participate in evening sports according to their interests, under the guidance of trained instructors. Facilities include athletic fields, a hockey and football stadium, basketball and squash courts, horse riding (in summers), and two modern gymnasiums.

Sports offered range from athletics, cricket, hockey, football, basketball, badminton, squash, gymnastics, archery, karate, table tennis, hiking/climbing, and indoor games. The Senior School Gymnasium houses a full-size basketball court, badminton and table tennis facilities, and a fully equipped exercise room, while the Junior and Prep Schools enjoy a separate gymnasium for indoor activities.

The College ensures every Gallian has ample opportunity to develop fitness, discipline, and sportsmanship.

College Auditorium (Hamid Hall)

The College Auditorium is used for speeches, declamations, dramatics, seminars, training sessions and many other fun filled activities where students boost their confidence with grace & dignity. Such activities contribute a lot to the holistic development of these nurturing young souls.

Art and Music Studios

Art & Music give meaning to our lives and helps us understand the world around us. The benefits of exposure to Art and Music at a young age are innumerable. These benefits include creativity and motor skills, language development, cultural awareness, decision making, inventiveness, visual learning and improved academic performance. Fully equipped Art and Music rooms are not only source of education but also entertainment to the young Gallians including a platform to polish and display their art and music skills. Both departments are facilitated with expert art and music teachers. Modern and traditional music instruments are available in the music room.

Instilling Life Skills through Clubs & Societies

A real effort is made to encourage healthy trends in pupils to ensure multidimensional development of their personalities/ holistic development. As part of the Co-academics, various clubs and societies have also been formed in order to keep the students busy with healthy and constructive activities. These are:

- Adventure & Hiking Club
- Creative Writing Club
- Debating Society
- Islamic Society
- Robotics/AI Club
- Music Club
- Reading Club
- Science Club
- Fine Arts Club
- Horse Riding
- Dramatics Club
- Bazm-e-Iqbal

Nurturing Faith & Values

Adequate arrangements for Nazra Quran are available for Junior and Prep School students, while in the Senior School pupils are introduced to the rudiments of Tafseer through regular classes included in the timetable. The College has two mosques where prayers are led by Khateeb, and attendance at Zohar, Maghrib, and Jummah prayers is ensured. Husn-e-Qirat competitions are also held as part of the inter-house activities.

For Christian students, the College provides a chapel, encouraging them to freely practice their faith and follow their religious obligations.

Broadening Horizons through Visits & Excursions

Study tours and excursion trips are arranged regularly, so that students could experience the world outside the College boundaries. It helps in broadening the vision of students and gives them practical experience along with development of their organizational skills.

Learning from the Past, Leading the Future

To inspire Gallians with the vision and struggles of our great leaders, Quaid & Iqbal Galleries were established in 2017 in the Senior School Library. Showcasing rare photographs, the Galleries highlight the lives of Quaid-e-Azam Muhammad Ali Jinnah and Allama Iqbal, instilling patriotism and motivating students to serve the nation selflessly.

The College Museum, first set up in 2017 and updated in 2020, preserves the rich heritage of LCGG. A due effort has been made to collect archives from various sources, including rare photographs, registers, magazines, handicrafts, medical equipment, and student-made models. This splendid collection connects students to their legacy, taking them on a journey through the history and traditions of the College.

A Safe Child is A Happy Child

LCGG is committed to ensuring a safe and secure environment for all its students. Recognizing the unique responsibility of a boarding school, the College actively promotes child welfare and protection from any form of harm—emotional, physical, or sexual.

Teachers and staff are trained to identify warning signs, guide students on personal safety, and provide timely support where needed.

In collaboration with ROZAN, LCGG has conducted training sessions for both teaching and non-teaching staff to raise awareness about safeguarding children's rights. Through these efforts, the College not only protects its students but also educates them on how to stay safe and seek help when necessary.

GENERAL INFORMATION

A Home Away from Home

Lawrence College is the premier English medium boarding institution of the country. It offers excellent boarding facilities to its students. All items of need are available in the College premises with the approved College contractors. Similarly, the College provides enviable dining facilities to its students. Our overall standards are comparable to those of any prestigious institutions of the country with high standard of dining. The food items, before they are provided to the boys, are carefully checked, cooked and then served. The menu is designed considering the nutrition value required for growing children and interest of students. However, harmful food items like carbonated drinks are not allowed in the mess even if the students desire for that. Occasionally, boys are served with fast food too in order to give them a change. Menu is revised with change in season and also in consultation with boys' demands and choices.

Health Care

Health program is active in LCGG and is implemented well for all its beneficiaries. We understand the health needs of school-age children and adolescents (those aged 5–19 years) as they can experience a range of largely preventable health problems, including unintentional injury, growth and reproductive health issues, communicable diseases, noncommunicable diseases etc.

In addition, school-age children and adolescents have neurocognitive health and development needs as they progress from childhood to adulthood. The need for quality health care for 5–19-year-olds is great, which is well catered in LCGG by its qualified medical team.

Our health program is equipped with 28 beds hospital, qualified health team including Resident Medical Officer, trained nurses, dispensers, three sickbays one for each school and two ambulances for the facilitation/transfer of sick boys who need to be relocated from sickbays to next level health care facility.

Convenience & Care Under One Roof

To facilitate the pupils and staff, LCGG has established cafeterias, general stores, a college bakery, a barber shop, a shoe shop, and even provides tailored uniforms, each designed to meet the daily needs of the community with utmost care and quality. The three schools' cafeterias and shops offer healthful and nutritious drinks, fresh fruits, and snacks while strictly banning carbonated and energy drinks, along with essential daily-use items, all under a vigilant system ensuring hygiene and sanitation. Complementing these facilities, the college bakery, established in 2021, stands as a shining example of our commitment to excellence, equipped with state-of-the-art baking units, professionally trained chefs, and strict hygienic standards. It provides fresh, nutritious, cost-effective bakery items not only for students' regular meals but also for the families of the residential staff. A full range of clothing and accessories for different seasons and occasions is also available through the College's tailoring contractor, while the barber and shoe shops further add to the convenience and self-sufficiency of campus life. With these initiatives, The College proudly caters to the evolving needs of its community, adapting to challenges through a need based approach, and takes great satisfaction in delivering nothing less than the very best in quality and service.

Ensuring A Safe Learning Environment

College has a team of well trained security personnel led by a retired Army officer. CCTV cameras are also installed at main points in the College for surveillance. The security staff vigilantly looks after the campus round the clock and ensures safety and security for every inmate of Lawrence College.

Nurturing Pride, Discipline & Camaraderie: Houses System

There are four boarding houses each with an average capacity of 40 boys in Junior and Prep School while in Senior School it is around 75 boys in each house. The names and mottos of these houses are:

Peake House	(Defence not Defiance)
Wightwick House	(Serve with Valour)
Wright House	(Unity is Strength)
Walker House	(Onward and Upward)

Each house at Lawrence College is led by a Housemaster/Housemistress with assistants and supported by dedicated staff who care for the boys round the clock. Beyond academics, emphasis is placed on personality development through guidance in adjustment, communication, behavior, hygiene, fitness, and life skills, enabling students from across the country and abroad to adapt smoothly to school life. Inter-house competitions are a vibrant part of this journey, promoting teamwork, healthy rivalry, and global citizenship through diverse activities such as sports, declamations, arts, quizzes, Qira't, spelling, singing, handwriting, and creative writing.

Evaluating to Educate Better

At Lawrence College, the learner is considered to be passing through “the sensitive growth period”, hence the assessment framework is designed keeping in view the socio-cultural and linguistic difficulties a student faces in a boarding environment away from home. The following kinds of informal and formal assessments, oral, written and practical assessment strategies are used by the teachers:

- Lesson assessment
- Weekly assessment through worksheets
- Monthly tests
- Terminal examination
- Annual examination
- Behavior assessment (throughout the year).

A Calendar of Learning, Living & Leaving

The College session runs from early March to mid-December, with a winter camp in January for outgoing Board and Cambridge classes. The academic year has three terms with assessments at the end of each, and late arrival after holidays results in fines for six days, after which the student's name is struck off the rolls, with re-admission at the Principal's discretion. The College calendar, issued to parents each December, outlines holidays and visiting days; Junior and Prep boys may visit Murree or nearby areas only with parents, while Senior School boys may visit Murree on designated Sundays. No student may leave without Housemaster/Housemistress permission, and leave during term is rarely granted only for emergencies or the marriage of a real brother or sister, with two days plus travel time allowed. There are also two summer breaks of one week each, along with short holidays at Eids. Throughout the year, the College hosts various events, with Sports Day, Founders' Day, Science & Fine Arts Exhibition, and Performing Arts Show being the most prominent. Since absence disrupts studies and College life, it is vital to follow the calendar, adhere to leave policy, and abide by the rules, for discipline is the key to success. Each term brings opportunities for growth, teamwork, and reflection, fostering a rhythm of learning and character building. The structured schedule not only ensures academic consistency but also instills time management and responsibility in every student. The College calendar thus stands as a guide to balance diligence, discipline, and wholesome development throughout the year.

Partners in Progress

Would you like to know more about your child's performance? Definitely yes! Parent-teacher meetings are planned only for this purpose so that we can provide the best feedback. Headmaster/headmistress, housemasters/housemistresses and tutors are always available for parents' assistance. Parent-Teacher meetings are held after the end of every term where the progress of a student can be discussed. Parents can also meet the headmaster/headmistress, housemasters/housemistresses and teachers on visiting days and on a special request too during School working hours. These meetings strengthen the bond between home and school, ensuring that every child's academic and personal growth is well-monitored. Regular communication between teachers and parents fosters mutual understanding and helps address any concerns promptly for the betterment of the student.

Where Good Conduct Defines Greatness

The students are expected to strictly follow the College rules. Violation can result in withdrawal or expulsion of a pupil from the College, with or without warning. The following are strictly prohibited:

- Indiscipline, cheating, lying, stealing and immoral conduct.
- Breaking bounds or leaving the College campus without proper permission or in unauthorized dress.
- Disrespect and rudeness to the staff and seniors.
- Keeping firearms, knives or other lethal weapons.
- Smoking, using drugs and alcohol.
- Damaging the College property.
- Possession of mobile phones and other such gadgets.
- Absenting from the classes and other College activities without a genuine cause/reason.
- Being habitually unpunctual, untidy and slovenly.
- Repeated poor performance in academics.
- Absence from the dormitory/house after lights out.
- Violation of any other College rule, prescribed from time to time.

Good conduct, discipline, and respect for others are the cornerstones of character-building at the College.

Students are continuously guided to uphold integrity and responsibility in all aspects of their lives. Those who exemplify good manners and leadership become role models for their peers. The College believes that discipline is not just a rule but a habit that shapes future success. True greatness, therefore, lies in self-control, respect, and adherence to the values that define a Gallian.

Shared Responsibility & Shared Success

If a parent wishes to correspond regarding the progress, prospects or problems of his son/ward, he may write to the Head of the School concerned. The advice of the Principal can always be sought. He is available in his office, even on visiting Sundays, to redress the grievances/problems of the parents, if any. Parents or guardians are advised to keep the following things in mind while planning to get their son/wards admitted to Lawrence College:

- Admission and attendance in Lawrence College is a privilege, not a right. We receive hundreds of applications for limited seats and it is not possible to admit all the applicants. The admissions are finalized strictly on merit.
- It is extremely important that you include the “willingness” of your son in your decision of bringing him to a boarding school; otherwise it can have adverse effects on his personality.
- Please keep in mind that for the sake of maintaining and safeguarding its high standards of discipline, time tested traditions and ethos, College has formulated a strict code of conduct and behaviour policy and students are not allowed to indulge in certain activities including keeping excess money, prohibited toys, eatables from outside, gadgetry, mobiles, etc. Hence it is expected from the parents that they would cooperate with the administration in this regard for the good of their own son.
- Parents are expected to provide complete details of their whereabouts and in case of guardians a certificate of guardianship must be produced. School will also require the complete details of the authorized visitors from the parents if they cannot come personally every time to attend the meetings, functions or visits.
- The administration reserves the right to take an adverse action in case any of the admission requirement and standard of conduct expected from student or his parents is not met.
- The student must be in sound mental and physical health. Please make sure that he has no allergies or any other medical condition which can make his stay risky and dangerous in a group situation at an altitude of 6000+ ft above sea level in a forest climate.
- Parents are encouraged to keep in regular contact with the concerned Housemaster/Housemistress.

Withdrawals

If a parent wishes to withdraw his son/ward from the College for any reason, he should do so at the end of the College year i.e. in December. If a boy is withdrawn after the 1st of January, or before the beginning of the term in March, a fine of Rs. 100 per day is imposed for each day which lapses between the 1st of January and the withdrawal. If a parent does not send back his son/ward, nor does he give any notice of withdrawal before the School re-opens in March, the boy's security will stand forfeited. Names of all those boys who are absent without leave for ten days from the commencement of the School year in March are struck off the College rolls and their security is forfeited. If a boy is to be withdrawn during the term, one month's notice must be given or one month's full dues are charged for the period by which the notice falls short of a month. The Principal may withdraw a boy if, in his opinion, the boy is unable to benefit from the academic course provided by the College. It is then desirable in the interest of the boy that parents transfer him to another school. The Principal also has the sole power to withdraw a boy on disciplinary grounds or if the payment of the fee is more than a month overdue, or the College Medical Officer recommends withdrawal on medical grounds. The Principal also reserves the right to withdraw a boy without assigning any reason.

The candidate who will withdraw his admission before joining, admission fee and development fund will be deducted.

Opening Doors to Excellence

Test and interviews for regular admission to Classes I-VIII are held in November and the date is advertised on college website and in prominent news papers. The candidates are required to report to the college and the specified centers for written test and interview about which they are informed through call letter. Admission forms obtained from the College/ Website duly filled in, should reach the Principal's Office by 30th October. The results of these tests are communicated to all successful applicants by the end of December. Candidates selected for admission are

required to join the College in the month of March (dates for arrival are communicated to the newly admitted pupils through registered letters individually).

Admission to Classes I-VIII / O-I against Casual Vacancies

The casual vacancies are filled at the beginning of the session in March. Admission forms for casual vacancies are entertained in the month of November, subject to the availability of seats. Suitable applicants may be called at a short notice for test and interview at the College during the second or third week of March. Those selected for admission are required to join the College within a period of ten days. Chances of casual vacancies in the College are, generally, remote.

Admission to First Year

A limited number of vacancies for boys from outside are generally available for admission to the first year class. Before the declaration of the SSC Examination result of the BISE, Rawalpindi, the advertisement is given in the leading newspapers for admission to 1st year. The interested candidates, fulfilling the requirements of the College, are called for written test in Urdu, English, Maths and Science subjects. They are also interviewed. In this way, a merit list is prepared and call letters are issued to the candidates on the basis of overall merit according to the number of vacancies available.

Fees and Other College Dues

Online fee deposit facility is available, Fees and College dues are received in three terms according to the following schedule:

- 1st Term (January to April)
- 2nd Term (May to August)
- 3rd Term (September to December)
- After due date Rs. 100/- is charged as fine per day for fifteen days
- At the end of grace period, the boy stands withdrawn. In case of readmission, full dues are charged.
- Increase per year is subject to the approval of the Board of Governors.
- Security not claimed for two years lapses to the College.
- The College dues may be deposited in any branch of Habib Bank Limited with the title of "Principal Lawrence College Admission" having Account No. 0042-79921537-03. No Cheque is acceptable.

College Song

To Set The Cause Above Renown

To Love The Game Beyond The Prize.

To Honour, While You Strike Him Down

The Foe That Comes With Fearless Eyes.

To Count The Life Of Battle Good

And Dear The Land That Gave You Birth.

And Dearer Yet The Brotherhood

That Binds The Brave Of All The Earth.

To-Day And Here The Fight's Begun

Of The Great Fellowship You're Free.

Henceforth The School And You Are One

And What You Are, The Race Shall Be

Moving towards a better future . . . LCGG
