LAWRENCE COLLEGE, GHORA GALI, MURREE

Homework
Class: O–II
Subject: Computer Science

Chapter – 05 "Input and Output Devices"

Q. 01. What are the benefits of using Trackball instead of Mouse?

Q. 02. Differentiate between Voice Recognition and Speech Recognition Systems.

Q. 03. Mention key features of Capacitive, Infra-red and Resistive Touch Screens.

Q. 04. Differentiate between ADC and DAC by discussing various examples.

Q. 05. Explain the role of Sensors in Automatic Data Capture by discussing real-life examples.

Important Instructions:

Write answers for all the above questions on your notebooks and submit your answers in Google Classroom (Class Code: **gpj4x5t)** in the form of assignment. Keep your notebooks neat and tidy. Do bring your notebooks while coming back to College.
